

REMARKS

The Official Action mailed February 6, 2007 has been carefully considered. Reconsideration and allowance of the subject application, as amended, are respectfully requested. Applicants appreciate the Examiner's remarks noting that independent claims 13 and 16, and the claims depending therefrom, contain allowable subject matter.

Claims 1, 6, 19 and 22 were rejected under 35 U.S.C. § 102(e) as being anticipated by Wei (U.S. Patent Application No. 2004/0100805, hereinafter referred to as "Wei"). Claims 2-5, 7-10, 20-21 and 23 were rejected under 35 U.S.C. § 103(a) as being obvious over Wei. Applicants respectfully traverse these rejections.

With this amendment, Applicants have cancelled claims 1-10 and 19-23 without prejudice. Accordingly, the rejection of claims 1-10 and 19-23 is now moot.

As a result of this amendment, claims 13-18 are pending. Applicants appreciate the Examiner's remarks noting that claims 13-18 are allowable. With this amendment, Applicants have also amended claims 17 and 18 to replace the language "adapted to" with "configured to." Accordingly, Applicants submit that all pending claims are in condition for allowance.

Having dealt with all the objections raised by the Examiner, it is respectfully submitted that the present application, as amended, is in condition for allowance. Thus, early allowance is earnestly solicited.

If the Examiner desires personal contact for further disposition of this case, the Examiner is invited to call the undersigned Attorney at 603.668.6560.

AMENDMENT

Serial Number: 10/775,275

Filing Date: February 10, 2004

Title: 04.01 new title: A SYSTEM AND METHOD FOR POWER CONVERTER SWITCH CONTROL
POWER CONVERTER
